

A cluster of five overlapping parallelograms in the top-left corner. From left to right, the colors are light blue, orange, dark blue, white, and medium blue.

Contexto

A cluster of five overlapping parallelograms in the bottom-right corner. From left to right, the colors are white, light blue, orange, dark blue, and medium blue.

## Contexto

- Dominio / Negocio / Business case
  - Alcance / Límites / Product Scope
- 

# **Dominio / Negocio / Business case**

- What is the business problem this will solve?
- Why do we need to solve this problem now?
- Are there changes to rules or regulations that are making this investment mandatory?

# Alcance / Límite / Product scope

- Describe the software being specified. And include benefits, objectives, and goals. This should relate to overall business goals, especially if teams outside of development will have access to the SRS.

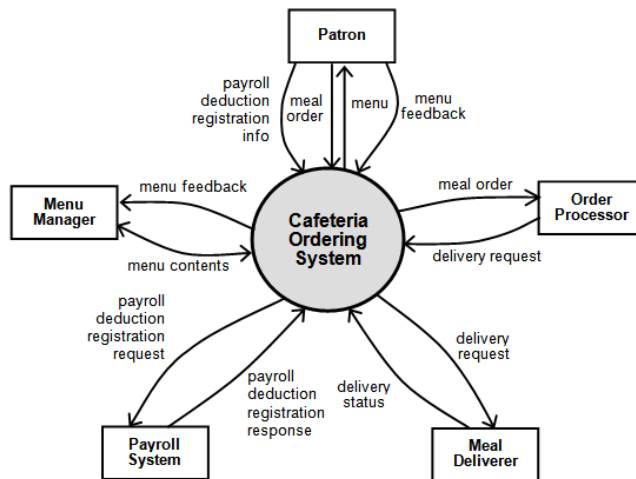

Figure 1: A sample context diagram.
